Save a Baby's Life

Would you know what to do if the baby you are caring for stopped breathing?

9 out of 10 parents don't know basic first aid skills that could help them to save their child's life, and only 20% of parents in the UK think that they could resuscitate their child

A Save a Baby's Life Session is being held by The Royal Life Saving Society UK at

Osprey Leisure Centre, Castletown, Portland, Dorset, DT5 1BD

Monday 21 May 2012 10am – 12noon

Save a Baby's Life is designed for anyone who cares for a baby, be they parents, grandparents, guardians, friends, babysitters or even older siblings

At this session carers will be taught how to cope with drowning, choking and non-breathing infants

FREE (small donations to RLSS UK appreciated)
